Professional Experience

ONEISOK DIGITAL SOLUTIONS

05/2026 - present

Jr. Software Developer

- Developed responsive full-stack applications using React.js, Next.js, TypeScript, Node.js, MongoDB, Firebase, and Tailwind CSS.
- Built reusable UI components, mobile-friendly layouts, and integrated REST APIs, authentication, databases, maps, payments, and email services.
- Managed deployments on Vercel and live servers, including domain, DNS, SSL, subdomain, and hosting configuration.
- Maintained WordPress websites, including pages, themes, plugins, menus, content, and domain integration.
- Performed testing, debugging, quality assurance, performance optimization, and on-page SEO implementation.
- Used Git, GitHub, and AI-assisted tools for version control, coding, debugging, documentation, and workflow improvement.
- Prepared project scopes, quotations, proposals, and technical reports while coordinating client requirements and project updates.

ONEISOK DIGITAL SOLUTIONS

Software Developer Intern

11/2025 – 04/2026

- Updated website code, layouts, and content using HTML, CSS, JavaScript, and WordPress.
- Managed domains, DNS, SSL, hosting, and live website deployment.
- Maintained WordPress themes, plugins, pages, menus, media, and website content.
- Performed website testing, quality assurance, basic debugging, and on-page SEO.
- Created promotional graphics and short-form videos using Canva.
- Prepared quotations, service documents, billing records, and used AI tools for coding, research, and content creation.

Key Skills

- **Frontend:** HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Responsive Design
- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication, Role-Based Access Control
- **Database & Cloud:** MongoDB, Mongoose, Firebase, Firestore, Vercel Blob, CRUD Operations
- **Deployment:** Vercel, Domain & DNS Setup, SSL, Shared Hosting, WordPress, Website Migration
- **SEO & Tools:** On-Page SEO, Search Console, Metadata, Sitemap, Robots.txt, Git, GitHub, VS Code
- **AI Tools:** ChatGPT, Gemini, Claude, Codex, Perplexity, Prompt Engineering, AI-Assisted Coding

Projects

RASOIGO- Multi-Vendor Food Ordering And Delivery Platform

- **Technologies:** MERN Stack, React.js, Node.js, Express.js, MongoDB, REST APIs, Payment Integration, and Location Services.
- Developed a responsive multi-vendor food-ordering platform with separate modules for Super Admin, Customers, Restaurant Owners, and Delivery Partners.
- Enabled restaurant browsing, food ordering, online payments, order tracking, payment history, and delivery-partner details.
- Built restaurant, delivery, and admin dashboards for managing menus, orders, users, payments, delivery status, and earnings

EMPLOYEE MANAGEMENT SYSTEM

- **Technologies:** React.js, Node.js, Express.js, MongoDB, Mongoose, JWT, Tailwind CSS, React Leaflet, and Nodemailer.
- Developed a role-based employee management platform for Admin, HR, Manager, and Employee users with secure authentication and access control.
- Built employee, attendance, geolocation, leave, and salary-management features, including check-in/out, work-hour calculation, approvals, and deduction tracking.
- Created dashboards and email notifications for monitoring employees, attendance, leave requests, salary records, and organisational activities.

CAIRA AUTOMADE - Personal Ai Workspace

- **Technologies:** MongoDB, Express.js, React.js, Node.js, JavaScript, and Gemini API.
- Developed a MERN-based AI workspace with a responsive conversational interface and prompt-based content generation.
- Implemented project and file summarisation, code generation, image generation, and image-enhancement features.
- Integrated the Gemini API with separate frontend and backend architecture, including a demo mode without API credentials.

Education

Maulana Abul Kalam Azad University Of Technology, West Bengal

10/2021 - 06/2025

Bachelor Of Technology In Electronics Engineering - CGPA: 7.25

T.S Sanatan High School

04/2021

Higher Secondary Education - Percentage: 71.85%

T.S Sanatan High School

02/2019

Secondary Education - Percentage: 66.28%

Core Competencies

- Full-Stack & Responsive Web Development
- REST API Integration & Database Management
- Authentication & Role-Based Access Control
- Website Deployment, Hosting, Domain & DNS Management
- Testing, Debugging & Performance Optimization
- WordPress Management & On-Page SEO
- Git & GitHub Version Control
- Client Communication & Quotation Preparation
- AI-Assisted Development
- Problem Solving, Teamwork & Time Management
